

2016 3rd International Conference on Information Science and Control Engineering

ICISCE 2016 Call for Papers

July 8-10, 2016, Beijing, China

<http://www.icisce.org>

ICISCE 2016 is the 3rd International Conference on Information Science and Control Engineering. The conference this year is Technically Co-Sponsored by IEEE Computer Society, and sponsored by Beijing University of Civil Engineering and Architecture, University of Texas at San Antonio (UTSA), and Co-sponsored by University of Hull, Xiamen University, China Jiliang University, Hunan University of Humanities, Science and Technology, Iwate Prefectural University. It will be held from July 8-10, 2016, in Beijing, China. We invite submissions of papers presenting a high-quality original research and development for the conference tracks. The proceedings will be published by IEEE Computer Society, and it will be submitted to other index.

Submissions of papers describing original work in, but not limited to, the following topics are enthusiastically encouraged:

Information Science and Computer Science

- Big Data
- Computer Graphics and Image Processing
- Computer network and Security
- Computer Science and Engineering
- Computer simulation and modeling
- Computer-aided design / manufacturing
- Database Technology and Data Warehousing
- E-Commerce and E-Government
- Geographical Information Systems (GIS)
- Grid computing
- Image processing and acquisition
- Information retrieval and Information Security
- Internet and Web Applications
- Knowledge discovery and data mining
- Management Information system
- Neural Networks and Genetic Algorithms
- Pattern Recognition and Machine Learning
- Programming Languages and Techniques
- Semantic Grid and Natural Language Processing
- Smart City
- Software Engineering
- System Modeling and Simulation

Automation and Control Engineering

- Artificial Intelligence
- Automatic Control Systems

- Control Theory and Control Engineering
- Detection Technology and Automatic Equipment
- Distributed Control Systems
- Electric Automation
- Fault Diagnosis
- Fuzzy Control and Fuzzy System
- Industrial Automation
- Intelligent Automation and Manufacturing
- Intelligent Building and Intelligent housing
- Intelligent Control and Intelligent System
- Intelligent Management and Decision-making
- Mechanic Manufacturing System
- Mechatronics and Robotics
- Network Control and Neuro Control
- Office Automation
- Process Control
- Transport Control Theory And Methodologies

Electronics and Communication Technology

- Antennas - Design, Modeling and Measurement
- Audio/Speech Signal Processing
- Bioinformatics
- Biomedical Electronics
- Channel Coding
- Communication and Wireless Systems
- Cryptography
- Electronic Devices in Communications
- Image/Video Processing and Coding
- Industrial Electronics and Automations
- Integrated Optics
- Medical Imaging and Image Analysis
- Microwave Circuits - Systems and Applications
- Multimedia Communications
- Optical Communications
- Photonic Technologies
- Radio Propagations
- Signal Detection and Estimation
- Signal and Informatics Processing
- Telecommunication Services and Applications
- VLSI Design and Fabrication
- Wireless Communication and Wireless Networking

Prof. Yun Cheng, Hunan University of Humanities, Science and Technology, China

Organization Chairs

Prof. Dongqing Xie, Guangzhou University, China

Prof. Huijuan Lu, China Jiliang University, China

Important Date

Full paper submission deadline: April 15, 2016

Acceptance notification: May 08, 2016

Camera-ready papers submissions: May 28, 2016

Final registration deadline: May 28, 2016

Paper Submission

Prospective authors are encouraged to submit a full paper for review before April 15, 2016, in PDF or Word format. Each paper should be written in English. Your paper must be formatted according to the template files. Regular papers are allowed to 5 pages, extra pages will incur additional charges. Please submit your papers by using the online submission system.
